

Project Example 3

Multi-Mode Limousine & Mobile Office Concept to Sri Lanka

Objective: To develop luxury multipurpose vehicles for corporate use ensuring convenience & flexibility comprised of Rotatable Seats, Foldable Projector Screens / Tables, and Drop-down Privacy Glass with the ability to convert into 3 different modes in minutes as follows

Category 1 – Using Low-Cost Vehicles as Platforms

Eg: TATA Winger Passenger Van (Rebadged Upgraded Version of 1st Generation RENAULT TRAFIC)

- LED Android Projector/ Foldable Screen/ Wi-Fi
- Up to 12 Seats / Tables
- Refrigerator / 230V AC Power Outlets/USB Ports
- Privacy Curtain/Webcams
- Inhouse built **Custom Coach Lamps**
- Automatic Retractable Footstep
- Fully Airconditioned /MIC System
- Natural Wooden Panels /SS Fittings
- Sleeping Facilities /Battery Backup
- Power Windows/Mirrors/R-Key
- Glass Racks & LED lighting+ Lampshades
- DVD/Cameras/2 LCD
- Custom Emblems
- Many more **Added Limousine Features**

Category 2 – Using Premium Quality Vehicles as Platforms

Eg: Mercedes-Benz VITO – Long Wheelbase Version

Few out of many added features & facilities,

- Leather seat set with two fully electrically reclining captain seats + foot support
- Separator with an electrically folding privacy glass to isolate front seats from the rest
- Motorised Pop-up LED screen with SD, DVD, USB & Android (Can be used for PowerPoint presentations during team meetings), Refrigerator+Backup Power
- Web Cams & Sound System for Conference Calls
