

## **Vehicle Performance Upgrading & Manual to Automatic Transmission Conversion**

Example: Challenging project to enhance engine power & convert Manual Transmission to Automatic of a TATA Indigo Sedan

## Description

- Factory fitted 75bhp TATA petrol engine & Manual Transmission System was replaced with a 140bhp TOYOTA Intercooler TURBO petrol engine & compatible TOYOTA Automatic Transmission System
- Many upgrading works were carried out to the Suspension, Brakes, Engine Mounts, Engine Cooling System, Chassis, Air Conditioning, Driving Aids & Instruments

This car performed extremely well and attracted many enthusiasts in many vehicle exhibitions. It is probably the <u>fastest TATA Indigo in the world.</u>
